

Vocational Services

Frequently Asked Questions

Will I have 1:1 support to help me go through the vocational process?

Yes, once your referral by your treatment team is approved, you will be assigned to a Vocational Specialist to support you with all aspects of your Vocational journey.

Will I receive assistance with managing my Social Security benefits?

Yes, your Vocational Specialist will help you to track and manage your work hours so you can continue to receive your Social Security benefits.

Can I get a job if I have no prior work history?

Yes, you can but having a volunteer work experience may be a good starting point for you to gain needed work experience.

Will I be able to receive help if I would like to return to school?

Yes, your Vocational Specialist will discuss with you about the specific

options that may be best for you given your academic and financial needs.

Why should I volunteer if my goal is paid employment?

Volunteering allows us to assess your readiness to work competitively, in a structured setting, to determine what job may be a match for you.

Will I have peer support from others on the same employment journey?

Yes, we offer peer support through weekly Vocational groups.

What things can I do to get ready for working or volunteering?

Participating in your scheduled therapies and groups at Success is great practice and an expectation for all of our Vocational clients.
